0 (actually just a few pixels away) :: History. Therefore I release Instagib 1 0! This is a major update with lots of changes - all listed right below this text.. I Wrote by Poil | 2008-05-13 20:50:43 By Somerunce : Instagib has been around for a while and I felt it was time to give you players something more to play with.. The new version is a complete rewrite, but works exactly like the previous one :: Features Complete rewrite Exploding laser Enable Instagib with just one command Full support for all official gametypes Broadcast of kills Enable/disable damage with/without bounce :: Features ajoutées dans la 1.

1 :Fix le bug du friendly The broadcasting of kills works and is renamed Spawn protection with selectable time As you see all these things are new and can seem strange at the beginning, but after many hours of evaluating and testing this is the result.. This is to help people that wants to play normal servers sometimes I won't kill you if you don't, but remember you get this mod for free and putting [MOD] in the beginning of the server name is a great way of paying back to me.. Default: 0sv\_instagib\_dmg - Set this to 0 to disable damage from hits without bounce.. :: Download! Yeah, it was a long text and now you're not far from downloading Instagib 1. :: Commands There are a few commands added to make it easier to use and customize Instagib to meet your needs.. This feature is not available right now Please try again later MapsGFX Our Servers Our partners «Novembre 2019»DimLunMarMerJeuVenSam123456789101112131415161718192021222324252627282930<< PreviousHomeNext >>MOD - Instagib 1.. It is now easier than ever to create an Instagib-server and also funnier to play.. Therefore I would be really happy if you put [MOD] in front of the server name, or put MOD inside the name.. 0' or something like that in the end, so I know which servers using my mod In return I give you support for the mod.. One nice thing would be if you have a motd, that you put something like 'This is Instagib 1.. Default: 0:: Server hosters: Look here! Sometimes players want to play non-modded servers.. :: Thanks to I want to thank the Teeworlds devs for the wonderful game, and Daniel for helping me with bugs and such..
